

A message from your Patient Participation Group

Tribute to Peter Bateson our late Chairman

Peter was a founding member of the Kings Corner Patient Participation Group and a guiding hand in its development since it was founded in 2009. Sadly Peter passed away in July.

Peter attended innumerable meetings on our behalf, wrote and edited all our Newsletters and was a key contributor at all of our monthly meetings, When Sally Hanson stood down as Chair in 2013 due to pressure of work Peter took over the role.

Peter was the kindest and most thoughtful man and always ready to step in when he was needed. He did so much to help the surgery and patients as only those of us on the PPG know. Even during his illness Peter was always ready with advice and took a keen interest in what was going on. He will be very much missed by us all.

We all send our sympathy to his wife and family and our thanks for all Peter did to encourage and support the Kings Corner PPG.

For the time being Sally Hanson and Christine Weightman will act as Co-Chairs and Morag Langhorne will keep everything running smoothly as Secretary.

Kings Corner Surgery PPG Members
